-The Vision-

Day to day life of every individual these days has become very complex and stressful. The ocean and the beach had always been a place to relax and refresh. The vision was not to build a contemporary resort, but a private home for our families and friends to get together. It was opened to the public keeping in mind one of the very best of human qualities - "To Share".

Liberty House's mission is to spread the cause that every one should have a fair chance to enjoy life in a beach house. We open a unique opportunity that was never extended at such affordable cost. Treat yourself and your loved ones with a vacation to Liberty House at Kappad beach.

-Kappad Beach History-

Kappad beach finds special mention in history with the landing of Vasco Da Gama along with 170 men in three vessels on 27th of May 1498. He was warmly welcomed by the Zamorin of Malabar. This opened up the sea route for trade from Europe to India and Malabar soon became the gateway to the east.

A solitary pillar commemorates this historic event with the inscription - "Vasco da Gama landed here, Kappakadavu in the year 1498". This pleasant, calm beach is studded with rocks and caressed by friendly waves. The idyllic Kappad beach is a fitting entry point to God's Own Country - Kerala.
